## Welcome to Trail with Blaine Nicholls

Blaine Nicholls has presented clinics globally in Switzerland, Germany and Italy; as well as in Arizona, Oklahoma, California, Colorado, the Carolinas, Michigan, Connecticut, and Indiana to name a few. Among his many accomplishments, Blaine won the prestigious 2000 World Champion Amateur Trail with a top ten finish in the Senior Trail and was Honor Roll Champion. Since 2001, Blaine has trained and shown many trail horses that go on to win circuit championships.

With his courses being used in many countries with a wide variety of breeds, Blaine's expertise continues to set the standard in trail course designs. This fact was well demonstrated at the 2002 and 2003 World Championship Show in Fort Worth Texas, with obstacles such as the back-through, walkover, jump, and flip rope gate to name a few.

Blaine's clinics are rapidly becoming known as the epitome of a successful course designer/trainer combination. Issues are addressed through exercises that will help relax and connect both horse and rider with the end result being an enjoyable rewarding challenge:
